

# Chapter 1 Training Activity - How Did It Get Here?

## God's Crime Scene for Kids

The universe had to come into existence before anything in the universe could exist. That's why the origin of the universe is the *first* piece of evidence we must investigate. Look at the following inventions and try to put them in the correct order in which they were invented. Which came first? Which came last? What was their order of creation?

Telescope

Soap

Lawn Mower

False Teeth

Wheelbarrow

Paddle Wheel Boat

Crossbow
